

A KENTUCKY WILD RIVER

- Cumberland River -

IN RECOGNITION OF ITS OUTSTANDING SCENIC BEAUTY & NATURAL QUALITY, 16.1 MILES OF THE CUMBERLAND RIVER, FROM SUMMER SHOALS TO LAKE CUMBERLAND, ARE INCLUDED IN THE KENTUCKY WILD RIVERS SYSTEM.

THE WILD RIVERS SYSTEM WAS ESTABLISHED IN 1972 BY THE KENTUCKY GENERAL ASSEMBLY TO PRESERVE OUTSTANDING EXAMPLES OF KENTUCKY'S RIVER HERITAGE. IT IS ADMINISTERED BY THE KENTUCKY NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION CABINET. DANIEL BOONE NATIONAL FOREST LANDS WITHIN THE SYSTEM ARE MANAGED BY THE U.S. FOREST SERVICE IN COOPERATION WITH THE COMMONWEALTH OF KENTUCKY.

PLEASE HELP PROTECT THE PLANTS, WILDLIFE
AND NATURAL BEAUTY OF THIS UNIQUE RIVER AREA.

THE MESSAGE IS CLEAR

Unfortunately, the wild Cumberland River has become a carrier of some of the waste that has been carelessly disposed of by Kentuckians who live upstream from Cumberland Falls.

AND NATURAL BEAUTY OF THIS UNIQUE RIVER AREA.

THE MESSAGE IS CLEAR

Unfortunately, the wild Cumberland River has become a carrier of some of the waste that has been carelessly disposed of by Kentuckians who live upstream from Cumberland Falls.

As our population increases, so does improper dumping of garbage. During floods or periods of high water, some of this garbage finds its way into the river. This can occur several times a month.

The natural currents and eddies formed around the boulders below the falls act as traps for numerous plastic containers, driftwood and other debris that are washed over the falls. As the river level goes down, an unsightly social message is left for all to see.

The message is clear--our water must be protected from the improper disposal of waste. The Kentucky State Park System makes every effort to preserve the beauty of Cumberland Falls. You can help us by encouraging people to dispose of their waste properly. In the meantime, be assured our crews will be cleaning the falls area until the rains come again.

CUMBERLAND FALLS MOONBOW

The Moonbow that appears here is the only one in the Western Hemisphere. It may be observed under a full moon and a clear sky. An arch of white light is usually produced at base of Falls and continues downstream. Generations of people have visited here to see this natural phenomenon. Last hotel on this site, Moonbow Inn, was named for the moonbow.

EARTH IS NO BARRIER TO THE LOVE WE HAVE

M

M

REMEMBRANCE IS A GOLDEN CHAIN
DEATH TRIES TO BREAK BUT ALL IN VAIN
TO HAVE - TO LOVE - AND THEN TO PART
IS THE GREATEST SORROW OF ONE'S HEART.
YEARS MAY WIPE OUT MANY THINGS
BUT THIS THEY WIPE OUT NEVER
THE MEMORY OF THOSE HAPPY DAYS
WHEN WE WERE ALL TOGETHER.
